

Machined CNC Titanium Parts Polishing Annealing Normalizing

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Processing Method: CNC Machining
- Surface Treatment: Polishing
- MOQ: 1 Piece
- Service: OEM/ODM
- Inspection: 100% Inspection
- Tolerance: ± 0.01 mm
- Material: Titanium
- Heat Treatment: Annealing/Normalizing
- Highlight: **Machined CNC Titanium Parts, Polishing CNC Titanium Parts**

Product Description

Product Description:

CNC Titanium Parts

We specialize in CNC Titanium Parts machining, producing high-quality machined titanium components for a wide range of industries. Our machined titanium parts are produced with precision CNC machining, and have a variety of surface treatments, including polishing. We also offer heat treatment services to meet different requirements, such as annealing and normalizing. Our machined titanium components are well-packaged in carton or wooden cases for safe delivery. Minimum order quantity (MOQ) is 1 piece.

Our CNC Titanium Parts are widely used in various industries, including aerospace, medical, automotive, and industrial. Our titanium machined components are highly appreciated for their durability, strength, and corrosion resistance. Our CNC machining services are designed to meet the highest production standards and the tightest tolerances.

With our wealth of experience in CNC Titanium Parts machining, we are able to provide customized solutions for each customer's specific needs. We strive to provide the best services and products to our customers. Contact us today for more information about our titanium parts machining.

Features:

Product Name: CNC Titanium Parts

Minimum Order Quantity (MOQ): 1 Piece

Processing Method: CNC Machining

Surface Treatment: Polishing

Payment Terms: T/T, Paypal, Western Union

Packaging: Carton/Wooden Case

Keywords: Titanium Parts Machining, Titanium CNC Components, Titanium CNC Components Polishing

Technical Parameters:

Attribute	Value
Heat Treatment	Annealing/Normalizing
Drawing Format	PDF/DWG/IGS/STP/X_T
Tolerance	±0.01mm
Inspection	100% Inspection
Service	OEM/ODM
Payment Term	T/T, Paypal, Western Union
Size	Customized
MOQ	1 Piece
Material	Titanium
Processing Method	CNC Machining

Applications:

Ywy cnc505 is a range of titanium machined components and titanium CNC components. It is manufactured using advanced CNC machining technology and is perfect for a variety of applications and scenarios. The drawing format for this product is PDF/DWG/IGS/STP/X_T, and it is subjected to 100% inspection. The heat treatment used for this product is Annealing/Normalizing, and it is packaged in carton/wooden case. The material used is titanium, making it ideal for CNC machined titanium parts. This product is reliable, durable and has been crafted to precision for high performance and consistent results. It is perfect for a variety of industries and applications. It is a great choice for high-precision machining and offers superior quality and excellent value for money.

Customization:

We provide customized services for **CNC Machined Titanium Parts, Titanium CNC Parts, CNC Titanium Machining Components**. The brand name is **ywy**, the model number is **cnc505**, and the place of origin is Guangdong Huizhou. The minimum order quantity is **1 Piece**, and we provide **100% Inspection** to ensure product quality. The packaging is **Carton/Wooden Case**, and the size is **Customized**. The payment term is **T/T, Paypal, Western Union**.

Support and Services:

CNC Titanium Parts Technical Support and Service

We provide technical support and service for CNC Titanium Parts. Our technical support team can answer any questions you may have about our products, provide advice on installation, troubleshooting, and offer tips on how to get the most out of your CNC Titanium Parts. If you need support, please contact us via email or phone. Our technicians will be available to assist you with any technical issues you may have.

In addition, we provide a comprehensive warranty for all our CNC Titanium Parts. If any of our products have a defect or malfunction, we will repair or replace them free of charge.
