# Customized Industrial CNC Stamping Parts for Automotive

# **Basic Information**

Place of Origin:

(99)

- Brand Name: ywy
- Model Number:
- Minimum Order
  Quantity:
- Price: USD 3.88-32.88 1 Perch/Perches

ywy123

- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram

guangdonghuizhou

1 Perch/Perches

Supply Ability: 1000 Perch/Perches 10-15work days

### **Product Specification**

Material:	Stainless Steel, Carbon Steel, Aluminum, Copper, Brass, Etc.
• OEM/ODM:	Acceptable
• Size:	Customized
• Tolerance:	±0.01mm
Processing Method:	CNC Stamping
Application:	Automotive, Electrical, Electronic, Industrial, Etc.
Shape:	Customized
• MOQ:	1000pcs
• Highlight:	Industrial CNC Stamping Parts, Customized CNC Stamping Parts

### **Product Description:**

Computer Numeric Control (CNC) Stamping Parts are custom-made metal components produced by metal stamping services. CNC Stamping is a cost-effective way to produce high-precision parts in a wide range of shapes and sizes with excellent repeatability. Our CNC Stamping parts can be made from a range of materials, including aluminum, stainless steel, and brass. We provide a range of surface treatments, such as polishing, zinc plating, nickel plating, chrome plating, anodizing, and more. We also offer a variety of colors for our CNC Stamping parts, as well as custom shapes to meet your exact requirements. Our CNC Stamping services are highly versatile and reliable, with a tolerance of ±0.01mm and a minimum order quantity of 1000pcs. You can rely on our CNC Stamping Parts to provide the highest quality parts to meet your needs.

### Features:

Product Name: CNC Stamping Parts Packaging: Carton, Wooden Case, Pallet, Etc. Application: Automotive, Electrical, Electronic, Industrial, Etc. Size: Customized Color: Customized Surface Treatment: Polishing, Zinc Plating, Nickel Plating, Chrome Plating, Anodizing, Etc. Metal Forming Components Precision Sheet Metal Parts Metal Stamping Services

## **Technical Parameters:**

#### Attributes

#### Description

Color	Customized
Size	Customized
Application	Automotive, Electrical, Electronic, Industrial, Etc.
Packaging	Carton, Wooden Case, Pallet, Etc.
Surface Treatment Polishing, Zinc Plating, Nickel Plating, Chrome Plating, Anodizing, Etc.	
MOQ	1000pcs
Tolerance	±0.01mm
Shape	Customized
Sample	Available
Processing	CNC Stamping, Metal Stamping Processes, High Volume Stamping, Metal Forming
Method	Processes

#### **Applications:**

YWY CNC Stamping Parts, model number cnc606, are widely used in various industries such as automotive, electrical, electronic, and industrial. It is a metal forming process that transforms sheet metal into complex shapes and forms. This type of metal forming process is specialized in producing high precision parts with high accuracy and repeatability. YWY CNC Stamping Parts come in a variety of sizes and colors that can be customized according to customer requirements. It also has a wide range of surface treatment options including polishing, zinc plating, nickel plating, chrome plating, anodizing, etc. YWY CNC Stamping Parts are renowned for their high quality and reliable performance, making them the ideal choice for many industries. With a focus on computer numeric control (CNC) stamping and sheet metal fabrication, YWY CNC Stamping Parts are an excellent choice for any application.

#### Packing and Shipping:

Packaging and Shipping for CNC Stamping Parts:

The CNC Stamping Parts are packaged using high-grade materials such as bubble wrap, corrugated cardboard boxes, and plastic wrap. The parts are then securely sealed in the package to ensure that they arrive safely and undamaged. For shipping, we use a variety of carriers, such as FedEx, UPS, and DHL, depending on the destination.

Q: What is CNC Stamping Parts?

A: CNC Stamping Parts are parts made by CNC stamping machines, which are used in industrial production processes.

Q: What is the brand name of this product?

A: The brand name of this product is ywy.

Q: What is the model number of this product?

A: The model number of this product is cnc606.

Q: What is the place of origin of this product?

A: The place of origin of this product is Guangdong, Huizhou.

Q: What materials are used to make CNC Stamping Parts?

A: CNC Stamping Parts are usually made of metals such as aluminum, stainless steel, copper, and iron.
