

Aluminum Machined Components Anodized Metal Parts with Control Inspection

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Packaging: Standard Export Carton Or Customized
- Size: Customized
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Material: Aluminum, Steel, Brass, Etc.
- Application: Automotive, Aerospace, Medical, Etc.
- Lead Time: 7-15 Days
- Quality Control: 100% Inspection Before Shipment
- Highlight: **Control Inspection Aluminum Machined Components**
, Anodized Aluminum Machined Components

Product Description

Product Description:

Our CNC Machined Parts are manufactured with a tolerance of $\pm 0.01\text{mm}$, ensuring that they meet your exact specifications. We use the latest technology and equipment to produce high-quality parts that meet the highest industry standards. Our team of experts has years of experience in CNC machining, turning, milling, and other processing methods.

At [Company Name], our CNC Machined Parts are available in customized sizes and packaging. We offer standard export carton packaging or can work with you to provide a customized packaging solution that meets your specific needs.

Our CNC Machined Parts are perfect for a wide range of applications. Whether you need computer-controlled machining parts for the automotive industry or precision parts for the medical industry, we have you covered.

When you choose [Company Name], you can trust that you are receiving high-quality CNC Machined Parts that are made to last. We are committed to providing our customers with the best service possible, and we stand behind the quality of our products. Contact us today to learn more about our CNC Machined Parts and how we can help you with your next project.

Features:

Product Name: CNC Machined Parts

Lead Time: 7-15 Days

MOQ: 1 Piece

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Delivery Method: DHL, FedEx, UPS, Etc.

Size: Customized

Features: CNC-manufactured components, Computerized Numerical Cutting parts, Computer-aided manufacturing parts

Technical Parameters:

Product Attribute	Value
Product Name	Computer-aided manufacturing parts, Computerized Numerical Cutting parts, Precision machined parts
MOQ	1 Piece
Packaging	Standard Export Carton Or Customized
OEM/ODM	Acceptable
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Material	Aluminum, Steel, Brass, Etc.
Tolerance	$\pm 0.01\text{mm}$
Delivery Method	DHL, FedEx, UPS, Etc.
Quality Control	100% Inspection Before Shipment
Size	Customized
Application	Automotive, Aerospace, Medical, Etc.

Applications:

Our CNC machined parts are made to suit customized sizes and undergo 100% inspection before shipment, ensuring high-quality products to our customers. Our packaging details include EPE foam, Anti-Rust Paper, Stretch Film, Plastic bag +Carton, which are designed to provide maximum protection during transportation.

Our CNC-manufactured components can be used in various fields such as aerospace, automotive, electronics, medical, and industrial applications. These computer-aided machining parts are designed to meet the specific requirements of our customers and are produced using the latest technology and equipment.

We offer fast and efficient delivery methods such as DHL, FedEx, and UPS, with a lead time of 7-15 days. We also provide customized packaging solutions to meet our customers' specific needs.

Our products are supplied in large quantities, with a supply ability of 1,000,000 Piece/Pieces per Month. Our payment terms are flexible, and we can accommodate our customers' preferences.

Our CNC machined parts are versatile and can be used in various product application occasions and scenarios. They are ideal for use in the aerospace industry, where precision and accuracy are critical. Our parts can also be used in the automotive industry, where high-quality components are required for optimal performance.

We also supply parts to the medical industry, where precision and reliability are of utmost importance. Our CNC machined parts can be used in various medical devices such as surgical tools, prosthetics, and dental equipment.

In the electronics industry, our parts can be used in the manufacturing of computer components, telecommunications devices, and other electronic equipment.

Overall, our CNC machined parts are suitable for use in any industry that requires high-quality, precision parts. We take pride in providing

our customers with the best products and services, and we are committed to meeting their specific needs and requirements.

Customization:

Support and Services:

Our CNC Machined Parts come with comprehensive technical support and services to ensure optimal performance and longevity. Our team of experienced technicians are available to assist with any technical issues or questions you may have, and can provide guidance on maintenance and repair. We also offer customization services to meet your specific needs, including design and development, prototyping, and production. Our goal is to provide reliable and efficient solutions to help you achieve your manufacturing goals.

Packing and Shipping:

Product Packaging:

The CNC Machined Parts will be carefully packed in foam and then placed in a sturdy cardboard box to ensure safe transportation.

Shipping:

We offer free shipping to all customers within the United States. International shipping is available for an additional fee. Orders will be shipped within 1-2 business days and tracking information will be provided.

FAQ:

Q1: What is the brand name of these CNC machined parts?

A1: The brand name is yuanwenyu.

Q2: What is the minimum order quantity for these parts?

A2: The minimum order quantity is 50 pieces.

Q3: What is the price range for these parts?

A3: The price ranges from \$2.35 to \$12.68 per piece.

Q4: What is the packaging for these parts?

A4: The packaging details include EPE foam, anti-rust paper, stretch film, plastic bag, and carton.

Q5: What is the delivery time and payment terms for these parts?

A5: The delivery time is 1 day and the payment terms are also 1.
