

Precision CNC Turned and Milled Components with Tight Tolerances

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc202
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term

Product Specification

- OEM/ODM: Accept
- MOQ: 1 Piece
- Shipping: Express, Air, Sea
- Product Size: Customized
- Application: Automotive, Aerospace, Etc.
- Lead Time: 7-15 Days
- Tolerance: $\pm 0.01\text{mm}$
- Processing Method: CNC Turning Milling
- Highlight: **Tight Tolerances CNC Turned Components, Precision CNC Turned Components, CNC Turned and Milled Components**

Product Description

Product Description:

Our CNC Milling Fabricated Parts are available in a variety of materials, including stainless steel, aluminum, brass, and more. We can also provide a range of surface treatments to ensure your parts meet your aesthetic and functional requirements - from polishing to anodizing to zinc plating and beyond.

Whether you need small or large quantities, we can accommodate your order with fast and efficient shipping options. We offer express, air, and sea shipping to ensure your parts arrive on time and in perfect condition.

To get started, simply provide us with your drawing in PDF, IGS, STP, DWG, or other formats. Our team will review your specifications and provide you with a quote for your CNC Milling Fabricated Parts or CNC Turning Fabricated Parts. We pride ourselves on our quality workmanship and excellent customer service, so you can trust us to deliver the parts you need, when you need them.

Features:

Product Name: CNC Turning Milling Parts

Material: Stainless Steel, Aluminum, Brass, Etc.

Shipping: Express, Air, Sea

Application: Automotive, Aerospace, Etc.

Advantage: High Precision, Fast Delivery, Etc.

Package: Carton, Wooden Case, Etc.

This product is CNC Milling Manufactured Parts, CNC Milling Manufacturing Parts, and CNC Milling Machining Parts used for a variety of applications in the automotive and aerospace industries. It is made from high-quality materials such as stainless steel, aluminum, brass, etc. and can be shipped via express, air, or sea. The product boasts high precision and fast delivery, making it an excellent choice for those in need of precision parts. It can be packaged in a variety of ways, including cartons and wooden cases.

Technical Parameters:

Technical Parameters	Details
Product Name	CNC Milling/Turning Manufacturing Parts
Material	Stainless Steel, Aluminum, Brass, etc.
Advantage	High Precision, Fast Delivery, etc.
Surface Treatment	Polishing, Anodizing, Zinc Plating, etc.
MOQ	1 Piece
Processing Method	CNC Turning Milling
OEM/ODM	Accept
Drawing Format	PDF, IGS, STP, DWG, etc.
Product Size	Customized
Shipping	Express, Air, Sea
Lead Time	7-15 Days

Applications:

These CNC Turning Milling Parts are perfect for various scenarios and occasions. They are commonly used in the manufacturing of machines, electrical appliances, electronic products, and other hardware products. The product is designed to meet the highest quality standards and can withstand various harsh environments. The product is also available with several surface treatments, including polishing, anodizing, zinc plating, and more.

The CNC Turning Milling Parts are manufactured using precise CNC Milling Fabricated Parts technology. This ensures that the product meets the highest quality standards and can be produced efficiently. The product is available in several drawing formats, including PDF, IGS, STP, DWG, among others. This makes it easy for clients to integrate the product into their manufacturing process with ease.

The product packaging is also excellent, with bubble paper box packaging ensuring that the product is safe during transportation. Our delivery time is 10-15 days, and we have a long-term supply ability to cater to the needs of our clients. The product is available in several packages, including cartons, wooden cases, and more.

In conclusion, if you're looking for high-quality CNC Turning Milling Parts, the Ywy CNC202 model is the perfect solution. With its superior quality, durability, and affordable pricing, this product will meet all your manufacturing needs. Order now and enjoy a product that meets all your expectations.

Customization:

Our ywy brand offers customized CNC Turning Manufactured Parts, CNC Milling Machining Parts, and CNC Turning Fabricated Parts with Model Number cnc202. Our products are manufactured in guangdonghuizhou and have a minimum order quantity of 1 piece available at

a price range of 0.68-6.68. The packaging details include bubble paper box packaging, and the delivery time takes 10-15 days. We have long-term supply ability and offer various packaging options such as carton, wooden case, etc. Our products are suitable for applications in the automotive, aerospace, and other industries. We take pride in our high precision and fast delivery, and we offer surface treatments such as polishing, anodizing, zinc plating, etc. Contact us for your customized needs.

Support and Services:

Our CNC Turning Milling Parts product comes with comprehensive technical support and services to ensure that your manufacturing processes run smoothly and efficiently. Our team of experts is available to provide guidance on installation, operation, and maintenance of the product. We also offer training and troubleshooting services to address any issues that may arise during use. Additionally, we provide regular product updates and upgrades to ensure that your equipment is always up-to-date with the latest technology.

Packing and Shipping:

Product Packaging:

All parts will be individually wrapped in bubble wrap or foam for protection during shipping.

Parts will be placed in a sturdy cardboard box with packing peanuts or air pillows to prevent movement during transit.

The box will be labeled with the product name, quantity, and any special handling instructions.

Shipping:

Shipping will be handled by a reputable carrier such as UPS or FedEx.

Customers can choose their preferred shipping method during checkout.

Tracking information will be provided once the order has shipped.

International shipping is available, but customers are responsible for any customs fees or taxes.

FAQ:

Q1: What is the brand name of this CNC turning milling part?

A1: The brand name of this product is ywy.

Q2: What is the model number of this CNC turning milling part?

A2: The model number of this product is cnc202.

Q3: Where is this CNC turning milling part manufactured?

A3: This product is manufactured in guangdonghuizhou.

Q4: What is the minimum order quantity for this product?

A4: The minimum order quantity for this product is 1.

Q5: What is the price range of this CNC turning milling part?

A5: The price range of this product is between 0.68-6.68.

Q6: How is this CNC turning milling part packaged for delivery?

A6: This product is packaged with bubble paper box packaging.

Q7: What is the delivery time for this CNC turning milling part?

A7: The delivery time for this product is between 10-15 days.

Q8: What is the supply ability of this CNC turning milling part?

A8: The supply ability of this product is long-term.
